

Sustainable Policy RespOnse to Urban mobility Transition

Welcome to the sixth and final **SPROUT** newsletter.

After three years and a half, SPROUT comes to an end. The strong partnership on which the project relied allowed us to successfully go beyond the objectives we committed to.

In our final newsletter, you will learn about SPROUT legacy: The Toolbox and e-learning courses that aim to support European cities in their sustainability and innovation urban mobility challenges. For them (as it was declared in our final event) SPROUT starts now.

Enjoy the reading!
